Welcome to Vaughen's!

Since 1933, Vaughen's has been the leading publisher of pricing information for our industry. The most trusted name in the trade, Vaughen's is committed to providing accurate, up-to-date pricing so subscribers can calculate accurate motor and pump repair prices quickly, easily, and efficiently.

Our products are used in motor and pump repair shops in every major city in the U.S. and Canada, and in locations across the globe.

Take advantage of Vaughen's in-depth knowledge today! You will simplify your pricing and save valuable time by using Vaughen's!

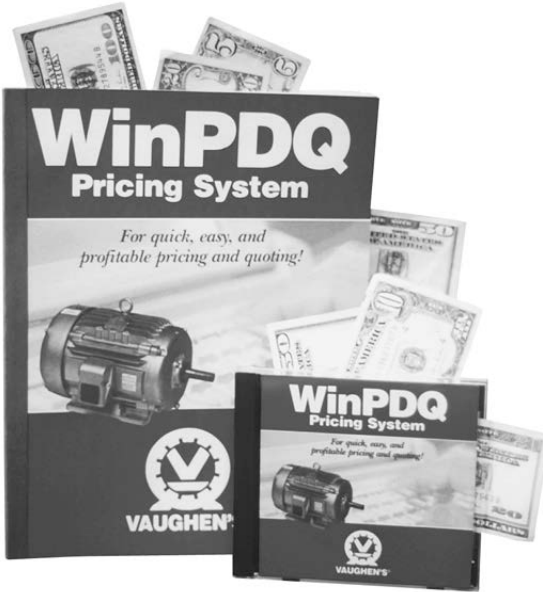

Profitable Pricing is a Breeze with WinPDQ Pricing Software

Our WinPDQ Pricing software makes pricing of jobs quick, easy, and profitable.

With WinPDQ you can compare your shop's prices with Vaughen's national averages, see actual labor and material costs, and compare new versus repair prices.

Plus, easily price large motor repairs with additional pricing for large motors up to 10,000 HP AC and 3500 HP DC.

FREE – Pocket Pricing Pal and Telephone Hotline Assistance included with your subscription. Plus, as a WinPDQ subscriber you can access our web site VAUGHENS.COM for a small additional fee.

WinPDQ's catalog lookup feature allows you to quickly quote a repair job or new motor sale.

Easily lookup all the national average prices in Vaughen's Motor and Pump Repair Price Guide.

Plus, WinPDQ includes additional pricing for motors up to 10,000 HP.

Create and Save Quotes Quickly

WinPDQ's quoting capability saves time, reduces errors, and produces quotes quickly and easily.

Easily create a standard quote template for repeated use with similar motors. You can even clone a quote.

Customer Tracking is a Snap

The screenshot shows a software window titled "Vaughen's WINPDQ - [Customer Maintenance]". The interface includes a menu bar (File, Edit, Records, Help) and a toolbar with various icons. A "Select Customer:" dropdown menu is set to "American Manufacturing Compar". Below this, there are radio buttons for "Account Nbr" and "Name". The main form is divided into tabs: "Name/Address", "General Info", and "Tax Info". The "Name/Address" tab is active, showing fields for "Account Nbr" (AM0001), "Company Name" (American Manufacturing Company), and "Status" (Active Customer). The form is split into two columns: "Ship To/Quote To" and "Bill To". Both columns have a "Set as Default" button and a "Default" icon. The "Ship To/Quote To" fields include Salutation (Mr.), First/Last (Jack Smith), Title (Pres.), Phone Number (000) 111-2222, Fax Number (111) 222-3333, Address1 (500 Main Street), Address2 (Building 5), City (Anytown), State/Province (PA), Zip (10000), and Country (USA). The "Bill To" fields include Salutation (Ms.), First/Last (Sue John), Title (Clrk), Phone Number (222) 333-4444, Fax Number (333) 444-5555, Address1 (500 Main Street), Address2 (Building 5), City (Anytown), State/Province (PA), Zip (10000), and Country (USA). At the bottom, there is a record navigation bar showing "Record: 1 of 1" and a "FLTR" button.

Now you can maintain your customer database without using other software.

Multiple shipping and billing addresses can be entered for customers with more than one location.

You can even download your customer database from other programs.

Tailor Customer Billing Options

WinPDQ offers great flexibility by allowing you to specify billing terms, define tax calculations, offer special repair discounts, and apply different new motor markup percentages for each customer.

The screenshot displays the 'Vaughen's WINPDQ - [Customer Maintenance]' window. The interface includes a menu bar (File, Edit, Records, Help) and a toolbar with icons for navigation and help. A 'Select Customer:' dropdown menu is set to 'American Manufacturing Compar'. Below this, there are radio buttons for 'Account Nbr' and 'Name'. The main area is divided into tabs: 'Name/Address', 'General Info', and 'Tax Info'. The 'General Info' tab is active, showing fields for 'Account Nbr' (AM0001), 'Company' (American Manufacturing Company), 'Status' (Active Customer), 'Salesperson' (Tim Roberts), 'Territory' (Northeast), 'SIC', 'New Equipment Markup' (30.00%), 'Repair Discount' (5.00%), 'Billing Terms' (Net 30 Days), and 'Credit Limit' (\$10,000.00). A 'Notes' field is also present. At the bottom, there is a status bar with the text 'Select a Salesperson from the list or double-click for salesperson maintenance.' and a 'FLTR' button.
